**COVID-19  
BULLETIN #28**

Public health officials advise an additional probable case of COVID-19 has been identified, bringing the total number of lab-confirmed positive and probable positive cases in Manitoba to 20 at this time.

Case 20 is a man in his 40s who lives in Winnipeg. At this time, the public health investigation indicates the case is related to travel. Information about flights where a person with a lab-confirmed case of COVID-19 had symptoms at the time of travel are updated as information becomes available at [www.gov.mb.ca/covid19/flights.html](http://www.gov.mb.ca/covid19/flights.html).

There is a clarification to the operating hours for the latest community screening drive-thru site that opened in south Winnipeg. The site, at the Manitoba Public Insurance (MPI) Bison Drive Service Centre at 15 Barnes St. is open from 10 a.m. to 6 p.m. daily. Information on other sites is available at [www.gov.mb.ca/covid19/locations.html](http://www.gov.mb.ca/covid19/locations.html).

Any person concerned about their exposure to or risk of having COVID-19 should call Health Links–Info Santé at 204-788-8200 or (toll-free) at 1-888-315-9257 to be screened to see if a test is required.

The online screening tool is now available in an interactive voice response (IVR) format. The tool asks callers standard screening questions for COVID-19. If needed, it directs those who may require a conversation with a health-care professional to Health Links–Info Santé. People who want to self-screen can call (toll-free) 1-877-308-9038.

Eleven community testing sites throughout the province are open. The public is reminded that a referral to these sites is needed and that they are not walk-in

clinics. Information on locations and hours of operation are available at [www.gov.mb.ca/covid19/locations.html](http://www.gov.mb.ca/covid19/locations.html).

For more information and to access the online screening tool for COVID-19, visit: [www.manitoba.ca/covid19](http://www.manitoba.ca/covid19).
