

Accepted Products

You can drop off leftover pesticides, toxics, corrosives, flammable liquids and physically hazardous products for free at recycling locations across Manitoba where they will be safely managed.

There is no limit to how many products you can drop off at once.

Accepted Products:

For safety reasons, all products must be in their original container with original label(s) intact to be accepted by the program. We can't accept containers that have no label, are leaking or are improperly sealed.

Pesticides

We accept liquid, solid and aerosol pesticides.

The maximum container size is **10 litres**. The maximum aerosol container size is **680g / 24oz**.

To be accepted, the product label must have:

- The poison symbol (skull and crossbones)
- The Pest Control Product (PCP) number
- The word 'domestic'

Toxics

We accept liquid and aerosol products.

The product label must show the poison symbol (skull and crossbones) and the word 'danger'.

Examples:

- Furniture stripper
- Automotive additives
- Lubricants
- Tar and bug remover

The maximum container size is **10 litres**. The maximum aerosol container size is **680g / 24oz**.

Corrosives

We accept liquid, solid and aerosol corrosives. The container label must display the corrosive symbol.

Examples:

- Rust remover
- Masonry cleaner
- Pool and hot tub cleaners
- Grout cleaner

The maximum container size is **10 litres**. The maximum aerosol container size is **680g / 24oz**.

Flammable liquids (including gasoline)

We accept liquid and aerosol flammables. The container label must display the flammable symbol.

Gasoline will be accepted only in a ULC-approved gas can or jerry can. For safety reasons, the gasoline container cannot be returned to you at drop off.

Examples:

- Gasoline, including stale or old gasoline contaminated with oil or water
- Acetone
- BBQ lighter fluid
- Camping fuel
- Fondue fuel
- Kerosene
- Flammable degreasers
- Flammable lubricants
- Flammable liquid adhesives
- Flammable fuel treatment and additives
- Methanol
- Methyl hydrate

- Mineral spirits
- Paint stripper
- Paint thinners
- Paint and varnish remover
- Turpentine
- Varsol
- Other flammable solvents

The maximum container size is **10 litres (25 litres for gasoline only)**. The maximum aerosol container size is **680g / 24oz**.

Physically hazardous products

We accept products with a label displays both the flammable symbol and explosive symbol.

Examples:

- Non-refillable fuel cylinders
- Non-refillable camping cylinders
- Non-refillable butane cylinders

Maximum container size is 5kg and containers must not be refillable.

Not Accepted Products:

- Unidentifiable, unknown or unlabelled products
- Commercial, industrial or agricultural products
- Leaking or improperly sealed products
- Lead acid batteries
- Oil/antifreeze
- Mercury switches
- Fertilizer
- Wine and distilled spirits
- Refillable propane cylinders
- Ammunition

- Drugs and medicines
- Caulking compound
- Diesel
- Medical sharps
- Insect repellents, disinfectants and pet products
- Cosmetics
- Powder forms (solid) of masonry products, cement, grout, mortar, plaster of Paris
