

Public Notice – RM of St. Clements Municipal Office Closures

At this challenging and unprecedented time, the RM of St. Clements Administrative Office and our Public Works Offices will be closed to the public, until further notice, as of Monday, November 2nd due to the increasing numbers of COVID-19. We have made this decision as the safety of our residents, community and our employees continues to be our top priority.

Our essential services continue to remain operational which include curbside garbage and recycling pickup, fire response, landfill and transfer station operation, public works, waste and wastewater services, animal control and by-law enforcement. Our staff can continue to be reached via office phone and email. Payments needing to be made can be done so by mailing in a cheque, using the dropbox at the back of our Administrative Office or by paying online through your banking institution.

As the situation continues to evolve, we want to make sure our residents are kept up to date with the latest information which can be found on our dedicated COVID-19 webpage, as well as our Facebook page. We continue to be in contact with all levels of government, including the Province, to obtain up to date information. As a reminder, the Province of Manitoba's website is the most accurate source for information. You can also contact Health Links-Info Sante at 204-788-8200 or toll free 1-888-315-9257 if you are experiencing symptoms or have questions.

It is more important than ever at this time that we continue to work as a community to have compassion for others, to take care of ourselves and to nourish our mental and physical health. We will continue to be strong as a Province, as a Municipality and most importantly as a Community.

To all our residents, staff and their families, stay safe and be healthy.
