With your support, as your WARD 2 Councillor, together we can give rise to matters that effect our community.

PUBLIC SERVICE

The sincerest form of respect is listening to what people have to say. I believe that everyone has a voice to be heard. Ideas, opinions, issues and problems, regardless of size are to be respected as worthwhile, and I will do more listening before acting on issues that affect us all.

INFRASTRUCTURE

Infrastructure projects like roads, drainage, and community clubs are one of the most important aspects for our RM. Getting the best return on our tax dollar investments in local infrastructure will be my priority.

ACCOUNTABILITY AND TRANSPARENCY

To provide clarification about what council can and cannot do within the government, as open and honest communication provides for better understanding and a better community.
