For questions regarding the municipal election contact Ernie Epp.  
Senior Election Official  
By phone at 204-823-2267  
or email:  
[info@rmofstclements.com](mailto:info@rmofstclements.com)

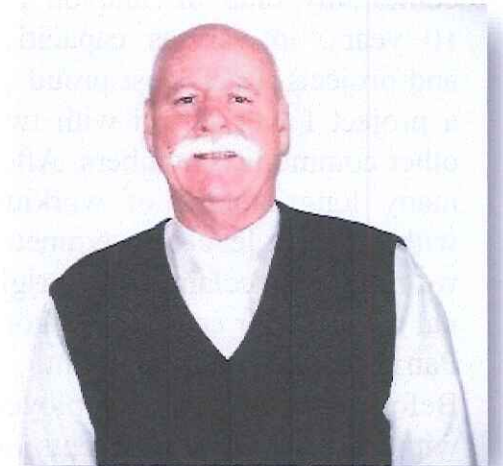

For on-line information regarding the election go to...  
<https://rmofstclements.com/municipal-elections/>

- **Advance Voting** - All municipalities must hold at least one advance poll prior to Election Day. The Senior Election Official (SEO) will provide public notice of the date and location of the advance poll.
- **Sealed Envelope Voting** – Voters may vote in person at the municipal office or by mail. Voters need to apply to the SEO in person or in writing by October 21, 2018. (July 24, 2018 for resort communities of Winnipeg Beach, Dunnottar and Victoria Beach).
- **Mobile Voting** –Municipalities may establish a mobile voting station , which travels from place to place, to serve patients or residents in a health care facility. A mobile voting station may also be set up on Election Day, or before Election Day, as an advance voting opportunity

**The RM of St. Clements will hold Municipal Elections on Wednesday, October 24,**

*If you want:  
**Change, Accountability,  
Integrity and a leader not a  
follower representing the  
taxpayers of Ward #2  
...then Please...***

**VOTE  
Glenn Williams  
For your  
Councillor**

## Personal History

We have lived in Stony Point for 24 years. Ten years as a cottager and 14 years as a full time resident in the hamlet. I am married to a wonderful woman, Val. We have four great children and 4 even greater grandchildren. I am officially retired as of March this year.

We have been involved with our community club off and on for 10 years, in various capacities and projects. I am most proud of a project I worked on with two other community members. After many long months of working with different levels government, we rightfully reclaimed the original name of our community from Patricia Beach to Stony Point.

Before retiring, I was employed with the RM of St Clements on and off for 10 years as a landfill scale operator and transfer station attendant. So, I have seen the incompetence and waste at the council and administration level.

## Matters that concern us all

- Employee Absenteeism in Public Works can be extremely high. Why?
- The landfill has improved but a lot more could be done to save money, and find ways to make money.
- It's time to start investing in road improvement and attracting business and tourism north of East Selkirk in Ward #2.
- Are you aware that most supervisors and managerial positions are held by people who don't reside in St Clements?

### *DID YOU KNOW?*

- *Four votes is the magic number to have a motion passed.*
- *Under election rules, you can and should vote for up to three councilors per ward.*

## Things I would like to achieve should I win a seat in Council

- A one year wage freeze for councilors and administration management.
- Dust control on all gravel roads. Not a 10 ft. strip in front of each property. In the north, we don't receive a lot of the services provided in the south. We all pay taxes.
- Overlapping shifts at the transfer stations so that there is always a transfer station open in the south and in the north.
- Precise and accurate information on all major projects before they implemented
- Seats for councilors and mayors can only be held to a limit of two terms. After a one term break they would be eligible to seek re-election
