From Mayor and Council

Greetings to all residents and ratepayers! We have just completed the election process a few weeks ago and we are proud to have earned your trust. It is an honour to serve you which we don't take lightly.

It is now time for council to review what has been done over the last while and discuss what we will focus on for the next four years through our strategic planning session, which will happen early in the new year.

Our three new council members will bring new ideas to the council table. The strategic plan will be a mix of items brought forward from the previous council along with new initiatives.

To all residents of our municipality, we wish you a Merry Christmas, a safe and relaxing holiday season and all the best for the coming year.

Merry Christmas!
