HOW TO PLACE YOUR RECYCLING CART FOR COLLECTION

PLACE YOUR CART - with the back wheels towards the curb or at the edge of the road; close lid.

POINT YOUR CART - the cart lid opens up from the centre of the road or lane.

SPACE YOUR CART - leave one arm's length clearance (one meter or 39 inches) on all sides of each cart. This is to allow the collection truck enough room to grab your cart.

LOOK UP - avoid placing your cart under hydro or telephone wires, basketball hoops, awning and tree limbs.

IN WINTER - clear snow away from the area around and under where you place your cart at the curb or lane. Do not place carts behind or on top of snowbanks; clear snow and ice off lids so they will open easily when emptied.

These items require alternative handling.
