Re: BOIL WATER ADVISORY ISSUED TO EAST SELKIRK WATER SYSTEM

Dear Arlita Madrigga:

Drinking Water Officer, Ed Sexton has advised me that the East Selkirk water system has met all conditions for rescinding the boil water advisory and that bacteriological testing results meet regulatory standards.

I am therefore rescinding the boil water advisory that was placed on the East Selkirk water system on February 10, 2026.

Please ensure all water users are notified that the advisory has been rescinded and that normal water usage can be resumed. A copy of this letter can be provided as notification. Notices posted in public locations such as washrooms are to be removed.

Should you have any questions, please contact Ed Sexton, Regional Drinking Water Officer at 204-391-1811.

Sincerely,

Dr. Tim Hilderman
Medical Officer of Health
Interlake Eastern Regional Health Authority
