YOUR BLUEPRINT FOR WHATS NEXT

## FEE INCREASE EFFECTIVE APRIL 1, 2026

We would like to inform all builders and industry partners of an upcoming adjustment to fees.

Beginning April 1, 2026, all fees outlined under Fee By-law 187 will increase by 2%. This change applies to all permits, applications, and related services governed by the by-law.

What this means for you:

- All submissions received on or after April 1, 2026 will be subject to the updated fees
- Current fees remain in effect for submissions received prior to this date

We encourage you to plan your upcoming applications accordingly and review the updated fee schedule once it becomes available.

## PERMIT TRENDS

Permit activity for the month of March remains steady, with typical seasonal changes. We're seeing a mix of project types.

## PERMIT TIMELINES

Here is the average permit timeline for issuance. Timelines may vary depending on project type, application completeness, and overall volume.
