Rural Municipality of St. Clements Recreation Master Plan
Comment Sheet

The Rural Municipality of St. Clements is working with DWAsitework and Landmark Planning & Design Inc. to develop a Recreation Master Plan that will guide the development of recreation infrastructure, facilities, programs and activities over the next 10 to 15 years. Your feedback will help the Project Team to understand residents' attitudes, preferences, priorities, and expectations when it comes to recreation programming and facilities in their communities and in St. Clements as a whole. The responses we receive will help guide the planning process and inform the Plan's vision and recommendations.

The comment sheet will remain open until January 29th, 2027.

Answers will remain strictly confidential and will only be analyzed in aggregate – specific answers will not be tied to individuals. Thank you very much for your participation – your input is important to us.
